HOUMA — Leonard J. Chabert Medical Center has been recognized with the Louisiana Hospital Capstone Quality Award, an honor from eQHealth Solutions, a group concerned with the quality of Medicare coverage in the state.

It's one of 38 hospitals in the state to receive the award, which recognizes excellence in care for certain diseases like heart failure and pneumonia.

“The award is another indication of the quality healthcare we provide at Leonard J. Chabert Medical Center,” said Rhonda Green, CEO of LJCMC. “Day in and day out, our staff adheres to the highest standards for the benefit of our patients.”
