With this award, Kaplan Healthcare has been recognized for improving the quality of health care given to their patients and one of 32 nursing homes in the state to receive the award.

Previously titled the Louisiana Nursing Home Quality Awards, the Louisiana Nursing Home Capstone Quality Awards recognize nursing homes for their achievement in improving the quality of resident care through reducing restraint use and reducing pressure ulcer incidence.

“The staff is dedicated to providing the very best in resident care,” said Tanya Lemaire, Kaplan Healthcare administrator. “We are extremely proud to be a recipient of this distinguished award.”
