## Lane Regional awarded for continued improvement and care

Lane Regional Medical Center received the 2010 Louisiana Hospital Capstone Quality Award, presented by eQHealth Solutions, the Medicare Quality Improvement Organization for Louisiana.

With this award, Lane Regional is recognized as one of only 38 hospitals in the state for achieving continued improvement in the areas of Acute Myocardial Infarction (heart attack), heart failure, pneumonia and surgical care.

The clinical areas measured for the award have been designated as national health care priorities by the Centers for Medicare & Medicaid Services. Staff members from Lane Regional's Quality Resources Department have been working with quality improvement specialists from eQHealth Solutions to use proven, evidence-based practices to improve care for patients.

Team members Rachell Noland, Dana Bellefontaine, Kasey Cooke and Kathy Peairs, from left, accepted the Louisiana Hospital Quality Award on behalf of the Quality Resources Department at Lane Regional Medical Center.
